OPPORTUNITY · RESEARCH, FILM AND AVIATION

Research, film and aviation

Study, film and fly over one of East Africa's least-known mountains.

Zulia Conservancy (Uganda) Limited · NFA Licence No. 30 · zuliaconservancy.org · chris@zuliaconservancy.org

THE OPPORTUNITY

Almost nothing has been published about Zulia

Mount Zulia and its reserve, 1,029 km² beside and partly inside Kidepo Valley National Park, have barely been studied: no bird list, no flora, no wildlife count of its own, unrecorded rock shelters and a living Ik and Dodoth culture. We welcome researchers, film crews and aviation partners on clear, published terms.

Research	A host scientist, a simple field station at Himan, rangers and porters, data sharing and Ugandan co-authorship. Priorities: wildlife baseline, botany, birds and reptiles, fire and grazing, water, archaeology.
Filming and photography	Location and recce days, ranger escort, access to the summit, the escarpment and the community, with an on-screen credit.
Aviation	Aerial census, patrol and fire detection by light aircraft; drones under Uganda Civil Aviation Authority rules.
Permits	We help with UNCST registration, NFA and UWA permits, and drone authorisation. Zulia's own fees are published and modest for Ugandan researchers and students.

Granite inselbergs from the air.
